

# Generic Environmental Approvals

NT NER S5.10

# 1 Purpose

Power and Water Corporation (Power and Water) publishes this information under clause 5.2A.5 of the National Electricity Rules as in force in the Northern Territory (NT NER).

## 1.1 Version history

Version	Date	Author	Comment
1.0	1 July 2024	Power and Water Corporation	Published as per requirements of NT NER S5.10

*Table 1: Version history*

## 1.2 Disclaimer

This document may be regularly updated. Persons not on a Power and Water distribution list should not assume that this document is the latest version.

The only up-to-date version is that located on Power and Water's website.

Power and Water disclaims all liability for errors or omissions of any kind whatsoever (whether negligent or otherwise) for any damage or loss arising from the use or reliance upon the information contained in this document.

## 2 Generic environmental approvals

The Applicant is required to secure all environmental approvals and comply with all associated conditions required for the Identified User Shared Asset (IUSA) to be constructed and operated for the expected life of the Connection Agreement. This may include but is not limited to:

- Identify and obtain all necessary approvals required under the *Environment Protection Act 2019* (NT). For further information visit - <https://ntepa.nt.gov.au>
- Identify and obtain all necessary approvals or exemptions required under the *Environmental Protection and Biodiversity Conservation (EPBC) Act 2019* (Cwth).
- Identify and obtain all necessary approvals required under the *Northern Territory Aboriginal Sacred Sites Act 1989*, including Aboriginal Areas Protection Authority (AAPA) certificates where required, and the *Heritage Act 2011* (NT).
- Identify and obtain all relevant approvals, permits or licences required under the *Waste Management and Pollution Control Act 1998* (NT), the *Water Act 1992* (NT) and any other relevant legislation.

Site specific information may be provided as part of the connection enquiry or connection application process if the Connection Applicant requests it at their election.

Refer also to the Generic Development Approvals document published on Power and Water's website.
